

DTE-4-1 If the Department were, prior to the April 15, 2000 activation date, to recall all NXX codes distributed from the priority list as a result of the Industry's meeting on January 7, 2000, for the purposes of establishing a wireless carrier pool, would you be able to contribute your embedded uncontaminated thousands-blocks for the purpose of beginning the number pooling trial on:

- a. April 10, 2000 for the 617 NPA and April 24, 2000 for the 508 NPA?
- b. May 1, 2000 for the 617 NPA and May 15, 2000 for the 508 NPA?
- c. June 13, 2000 for the 617 NPA and June 28, 2000 for the 508 NPA?

Please provide your responses in full.

Answer: Not applicable. Omnipoint is a wireless carrier, and will not be participating in number pooling.

DTE-4-2: For wireline carriers, please provide your forecasted needs for thousands-blocks through December 31, 2003 for the 508, 617, 781 and 978 NPAs by completing the attached chart. For purposes of this request, do not count exchange codes allocated to you on the priority list as part of your present inventory.

Answer: Not applicable.

DTE-4-3 For wireless carriers, please provide your forecasted need for exchange codes through December 31, 2003 for the 508, 617, 781 and 978 NPAs by completing the attached chart. For the purposes of this request, do not count exchange codes allocated to you on the priority list as part of your present inventory.

Answer: A copy of Omnipoint's forecasts is attached.

Omnipoint's Projected Need For Exchange Codes Through December 31, 2003:
